Flying High 2

An airline pilot wrote that on this particular flight he had **A**hammered his ship into the runway really hard.

The airline had a policy which required the first officer to stand at the door while the passengers exited, smile, and give them a "Thanks for flying XYZ airline."

He said that in light of his bad landing, he had a hard time looking the passengers in the eye, thinking that someone would have a smart comment.

Finally everyone had gotten off except for this little old lady walking with a cane.

She said, "Sonny, mind if I ask you a question?"

"Why no Ma'am," said the pilot, "what is it?" The little old lady said, "Did we land or were we shot down?"
