

# WHO DO YOU CALL

## Some Useful Numbers

When Dialing From Australia or New Zealand - Start with dial out code [eg.0011 or +] then Country code [Thailand =66] then the Number [exclude any initial 0.] Example: +66 76 292 062 For Andaman Post's office.

### Phuket Blood Donors Database

The **Phuket International Hospital** maintains an emergency blood donors database. In an emergency, getting access to blood, particularly Rh negative blood, can be delayed. This is because within Thailand, Rh negative blood is rare. For the foreign population, around 16% has Rh negative blood. For the Thai population, this falls to 0.3%

This database is regularly updated and is sent to all major hospitals within Phuket and to the Thailand Red Cross, the lead organization responsible for the collection and distribution of blood within Thailand.

We are continually seeking residents in the Phuket area to register their details on the database and we are expanding our awareness efforts so that all foreign residents in Phuket are aware of the database and, if they wish, to enter their details on the database.
