

WHERE ARE WE?

The top picture is fairly easy as it was taken only a couple of years ago. We had completely forgotten what this area looked like for so many years until we saw this photo. With the amount of construction work going on it is hard to remember what was on a site even a few weeks before. To see this spot today check Page 28.

The bottom photo is a different matter. We have no idea where this is. The photo was taken around 2001 and we believe the island is somewhere near Koh Samui. It was taken from a helicopter we believe was called Sri Racha Air which guessing would fly out from Pattaya way. If anyone has any clue we would like to know. Email us at andamanpost@yahoo.com

Seen posted on an Australian Tourism Website and the answers are the actual responses by the website officials, who obviously have an dubious sense of humour.

 - Q: Do you celebrate Christmas in Australia? (France)
 - A: Only at Christmas.
 - Q: Will I be able to speak English most places I go? (USA)
 - A: Yes, but you'll have to learn it first
