PATONG POOL LEAGUE

The Patong Pool League competition is already into a new season after no break was taken after the last season ended. These boys must be keen.

The previous season ended up being dominated by the team from Montes Bar and Restaurant although it was close leading up to the final weeks of competition. But Montes prevailed and took out the top spot for all categories; League winners, Knockout Cup, and best overall player (Goh - pictured right).

One new team has joined this season's competition, Black Dragon on Nanai Rd., and one team has changed location. The team from Tatum Mansion has moved to Thunder Bar in the Soi Sukhumvit complex.

The Monday Night League is shaping up to be a 4-way tussle at the halfway point of their season with the teams from Anchalee, Offshore, Thunder Bar and Thailand Bar all vying for the top spot.

The Royal Phuket Marina was the venue for the Phuket Dragon Boat races in early December. Seventeen local teams vied for spots in the regional championships on Penang next year. Unfortunately, just as the finals were due to start, the skies opened up and from where the spectators were huddled we couldn't see who had won. At time of going to press this info still wasn't in our hands so we'll bring it all to you next issue.
