

PICKLES PUB & BISTRO

The management and staff of Pickles are pleased to announce that we have opened our new Pub and Bistro.

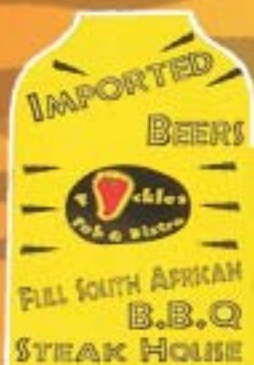

It's just down the road and closer to the beach from our old premises.

Since our sudden move, we have been working hard to give our customers and friends a first class venue in which to enjoy anything from a full South African BBQ to just sitting back and watching life go by in what we like to call Soi Pickles.

BBQ's every night, golf days weekly, outside catering and reasonably priced Thai and Western Cuisine makes Pickles a great place to be.

So drop in and say hello to the management and staff at Pickles - you can't miss the sign!

The transformation begins

The temporary bar

The new bar takes shape

The pool table finds its home
